

THE 2nd ENERGY ENGINEERING ALLIANCE FORUM (EEAF 2016)

November, 17th 2016

The aim of this forum is to promote environmentally safe and economically sustainable renewable energy, to create theoretical base of the utilization and implementation of renewable energy sources.

Another goal is to promote research in the field of renewable energy and to facilitate exchange of new ideas in these fields and to create a dialogue between scientists and practitioners.

The workshop will be held in:
